Contract Pricing Assumptions

- Current Laserfiche clients on other platforms can continue to renew as needed based on provided price lists if they choose to stay on their current platform.
- Other public sector agencies outside of state agencies can purchase off contract based on State of Idaho Standard Discounts listed.
- Annual Subscriptions are required.
- There is opportunity to leverage higher volume per unit pricing assuming state agencies use a shared services model / host in one location and under one master subscription license. For example, MCCi already supports ITS which has 36 Full Users and 136 Participant Users (Business Tier subscription), and if an agency were to add to that licensing pool, it would lower the per unit price for that new agency, as well as the annual renewal for the existing agency (or all agencies, assuming a consolidation effort).
- Laserfiche (the manufacturer) will only be offering Laserfiche Avante support during the first 5-year term of this contract and will not commit to sell or service it past 2027. Note that MCCi has not recommended Laserfiche Avante and would not recommend for new purchases of Laserfiche licensing, however, has include pricing given many agencies currently use Laserfiche Avante.
- In regard to Professional Service rates, MCCi has attached its current rate card. Discounts listed in the State Agency Initial Purchase Discounts and State of Idaho Standard Discounts summary pricing sheets, are applicable per the assumptions herein.
- Discounted pricing requires purchaser to have an active SLA with MCCi. ITS currently has an active MCCi SLA with current Laserfiche subscription licensing.
- Hourly rates are remote work; day rates are onsite work.

Discounts listed in Summary Pages are applicable (based on stated assumptions and Price List Notes) to these MSRP rates

Price List Notes

1. State Agency Initial Purchase Price Discounts: i) Applies to a state agency's initial Laserfiche purchase. For example, if a state agency who does not already own Laserfiche licensing, purchases licensing for the first time, the higher-level discount listed in the Discount column of the summary pricing sheet titled "State Agency Initial Purchase Discounts", would be applicable. ii) Does not apply to state agencies with existing Laserfiche licensing, additional licensing purchases, or annual renewals; the discount listed in the Discount Column of the summary pricing sheet titled "State of Idaho Standard Discounts" would be applicable.

2. Other public sector agencies outside of state agencies can purchase off contract based on Standard Discount Pricing.

3. Full and Limited Users are Named Users per Laserfiche Pricing/Licensing

4. Current Laserfiche clients on other platforms can continue to renew as needed based on provided price lists if they choose to stay on their current platform.

5. Annual Subscriptions are required

6. Laserfiche (the manufacturer) will only be offering Laserfiche Avante support during the first 5-year term of this contract and will not commit to sell or service it past 2027. Note that MCCi has not recommended Laserfiche Avante and would not recommend for new purchases of Laserfiche licensing, however, has include pricing given many agencies currently use Laserfiche Avante

7. MCCi is an authorized Carahsoft reseller. MCCi's understanding is that Carahsoft has UiPath under their NASPO Cloud Solutions(2016-2026) Contract. Since the State of Idaho is already a participating state under that agreement, that contract could be utilized if the State of Idaho desired to add that solution to their agreement or can be further discussed in negotiations.

8. Hourly rates are remote work; day rates are onsite work

9. All discount percentages for State Agency Initial Purchase Pricing and State of Idaho Standard Discount Pricing, are contingent on purchaser having an active SLA with MCCi.

*Annual Subscriptions are subject to a 5% Annual Escalator
